

Take your sound even further.

Leave it to AKG to deliver its signature sound and mobile-ready functionality in an ear-bud headphone – offering the best of all worlds for the on-the-go professional.

The AKG Y16A is far from typical in the ear-bud category. They adhere to the same high standards of AKG engineering excellence in every way. They might be small and lightweight – yet they're constructed to meet the same AKG standards for sound quality, comfort, versatility and essential functionality. Come listen. Realize that you can have the best of everything in a commute-friendly, versatile, semi-open ear-bud that helps keep you connected to all your favorite devices – from iPhone® to iPod® and beyond. Small, yet responsive, the AKG Y16A's are the perfect sound solution for today's on-the-go lifestyle – complete with enhanced features for instantaneous control. When it comes to AKG, sound quality rules while added functionality keeps you in charge of your time.

HIGHLIGHTS

- ▶ Ear-bud headphones offering universal, one-button microphone/remote and AKG's award-winning signature sound.
- ▶ Portability-friendly: ideal mobile sound companion for virtually any portable device, complete with its own soft carrying pouch.
- ▶ Attractive, ultra lightweight design, available in two cool color treatments (black and white).
- ▶ Maximized fit.

FEATURES AT A GLANCE

- ▶ **Ear-bud headphones offering universal, one-button microphone/remote and AKG's award-winning, signature sound.**

These lightweight ear-buds deliver a quality of sound that far exceeds expectations – together with added functionality allowing you to jump between your smartphone needs and your favorite music track instantaneously. Hear only what you want to hear – the way you like to hear it while taking advantage of your needs for connectivity.

- ▶ **Portability-friendly; Ideal mobile sound companion for virtually any portable device, complete with its own soft carrying pouch.**

No matter how you travel or which portable device you bring along as company, the AKG Y16A's transform mere listening into total pleasure for the on-the-go lifestyle. Stop the music and take that call from your smartphone thanks to an in-line microphone/remote. Complete with their own soft pouch for safe transport on longer trips. What else do you possibly need to keep up with the demands of your busy lifestyle?

- ▶ **Attractive, ultra-lightweight design, available in two cool color treatments (black and white).**

These small-sized ear-buds can be matched to your personal look and preference. Just because they're hard-working doesn't mean they can't look good too.

- ▶ **Maximized fit.**

When it comes to comfort, fit is king and these ear-buds are supplied with snug-fitting ear sleeves for the ultimate in fit 'n' finish. So light you wouldn't want to take them off.
